Welcome to

myRtree© project

Rotary Club of Kuala Lumur DiRaja and RCKL Environmental Fund are now embarking on the most ambitious project yet, to plant **100 000 trees**. One tree at the time by motivate the general public to get each and every one of you involved. **You can plant one tree**, or do you not?

 "Small Acts, when multiplied by millions can change the World" is a fitting quote by Howard Zinn. Let's make a difference together and change the world by starting with our beloved City Kuala Lumpur and make it a green city again by Planting Trees.

Q&A myRtree

What :   myRtree is an all encompassing **community project** developed and managed by the Rotary Club of Kuala Lumpur DiRaja to contribute to the improvement of urban environment it flora, fauna or water related in Malaysia. Key Focus being tree planting in Kuala Lumpur and Klang Valley.

Idea :   myRtree is to motivate any person to **plant a tree** anywhere and care for it until it becomes self-sustained.

How: An individual plants one tree, takes a picture and uploads it to our myRtree web page, facebook or twitter site and please **donates RM10** towards our Environment Fund.

Objective: Plant 100,000 trees first followed by **million trees in a viral process** all over the world.

Why: For **better health**. In Kuala Lumpur and Klang Valley it appears that in the past twenty years trees have only been cut resulting in the apparent effects of increase temperature, ground water level drop, flooding and , most of all perpetual haze.. Now is the time to reverse this effect, one tree at a time.
